Building Educational Opportunities in Sierra Leone - July 2011

Greetings!

Thank you for your continued interest in the Schools of Sinkunia education project in Sierra Leone. Through your generous financial support the first "high school" in a Yalunka chiefdom in the Northern Province of Sierra Leone has been built. New donations will complete the interior floors, install the windows and paint the building. The people of Sinkunia send you their most grateful thanks and appreciation.

Your donations also help support the primary school lunch program. We are complementing the UNICEF provided bulgar meal by providing locally grown nutritional foods. We believe that adequate nutrition is a necessity in helping feed a growing mind.

We also use your donations to help pay for the tuition and uniform fees for families that are in need of financial support. Uniforms are required and tuition must be paid in order for the children to attend school. Many students are now in school because of your kindness

We continue to support two "Beyond Sinkunia" students who are studying in the nation's capital of Freetown. Both of these students have expressed an interest in pursuing a career in medicine.

You can write me at greg@schoolsofsinkunia.org or call me at 541-754-1418. Please consider making a donation.

Sheiku and his mother

We would like to thank Sheiku Mansaray for providing the pictures and information for this newsletter. Sheiku returned to his home this summer to honor the death of his mother who passed away last November. We will miss "Mama" and will be forever grateful for her support of our work.
